

HidraWear

REDEFINING PATIENT LED WOUND CARE

HidraWear is the worlds first **HS specific** wound care product designed to make managing HS drainage quick and easy, and completely adhesive free. It is a unique Wearable Wound Care system for the management of wounds in difficult to dress areas, such as the under-arm region, or buttocks, groin & upper thigh.

Our **NEW** dressing retention system combines reusable garments with a super absorbent dressing requiring no adhesive and is secured using our patented HidraHex technology.

Each garment utilizes our patented HidraHex technology to enable patients to easily change their dressing day or night

HidraWear Garments Incorporate:

HidraHex

The hexagon pattern is designed to minimize leaks and strike through while remaining fully breathable & promoting wicking.

SeamSense

All HidraWear garments incorporate outward facing seams in traditional areas of high friction. This ensures a super soft skin contacting surface where it matters most, reducing risk of irritation to provide smooth movement.

Easy On

HidraWear Garments are specifically designed to be easy to get on and off, with the women's underarm crop top incorporating a front closing clasp

AeroSilk

All HidraWear garments are made of a premium micro modal and elastane blend fabric that is soft and breathable.

TrueFit

Adjustable straps in the women's underarm crop top enable a tailored fit.

Retention Dressing System includes a washable garment and non adhesive super absorbent dressings

HidraWear Dressing

3 x 5 inch super absorbent dressing that locks away moisture from the wound while protecting clothing and bed-linen from exudate strike through. **HidraHex Hook & Loop** retention technology secures the dressing in place without use of any adhesives.

HidraWear can now be prescribed to your patients, with their monthly supply delivered directly to their home

Simply fill in the order from on page 3 & email or fax along with your patient info page (See right for filled in example)

Frequently Asked Questions

What is needed to process an order?

The following information is a general checklist of the items required on a standard written order (Rotech form or any written order) by most insurance plans, including Medicare.

1 Qualified Wound Is Present

Medicare covers surgical/wound dressings when a qualifying wound is present. CMS defines a qualified wounds as either of the following:

- A wound caused by, or treated by a surgical procedure
- After debridement of the wound, regardless of the debridement technique

Document debridement TYPE used to remove devitalized or necrotic tissue from wound (examples given are not all-inclusive):

Surgical: sharp instruments or laser

Mechanical: irrigation or wet-to-dry

Chemical: topical application of enzymatic agents

Autolytic: application of an occlusive dressing to open wound

2 Wound Information

- Type of wound(s) or ICD-10 Codes
- Location of each wound
- Size of wound(s) in cm (L x W x D)
- Amount of exudate

3 Treatment Plan

- Type of dressing to use
- Size of the dressings
- Amount to be used at one time
- Frequency of the dressing change
- Expected duration (up to 90 days)

4 Provider's Information

- Provider's name and NPI
- If unable to obtain signature when order is placed, please note where signature request should be sent (if it is different than clinic)

5 Patient's Demographic Info / Face Sheet

Having this information right away allows us to begin verifying insurance benefits and helps avoid any delays in shipment.

How easy is it to order and have supplies shipped to patients?

- Rotech's one-page order form takes just 45 seconds to complete. (...yes we timed it!)
- As an added bonus, Rotech is an option when ordering via iHeal, Wound Expert & Intellicure.

How quickly are supplies delivered?

- With the exception of a PO Box address, orders are shipped and delivered within 24-48 hours

What if Rotech is not contracted with a patient's insurance plan?

- In most cases, Insurance is verified within an hour of receiving the order, and once approved, supplies ship the same day.
- If Rotech is not contracted with a patient's plan, we will do our very best to find a company that is, notifying you along the way!

Will Rotech substitute products when I request brand specific products?

- Brand specific products will not be substituted for a lesser product.
- If there is a reimbursement issue or a product is not available, our team will confirm any changes with you prior to shipping supplies.

Our staff does not have time to deal with unnecessary phone calls. Is this something we should expect?

- Not only does our team value your time but we respect it. You are unlikely to receive any calls from us unless we are returning a call to you.
- Our team will fax order updates to confirm shipment and make you aware of any delays.
